- Safer Operator Environment
- Fast Drying
- Superior Colour Gamut
- Low Smell
- Excellent Outdoor Durability
- Superior Image Quality
- Supported by NUtEC Digital's comprehensive third party warranty.

E12

OVERVIEW

Emerald E12 is a premium, Environment Responsible Product (ERP) ink designed for use in Epson print heads, as used in printers such as Roland RS640 and XC540.

The Emerald E12 offers a greener solution for those who are committed to preserving the environment, as the volatile vapours emanating from this ink formulation are not classified as hazardous air polluting substances. This provides a safer operator environment with more favourable exposure limits.

Emerald E12 ink provides excellent media compatibility across a broad range of self-adhesive and flexible substrates.

Provided the inks are used in regular applications, using suitable substrates, the printed images will not fade unduly for up to two years.

PRINT HEAD COMPATIBILITY

** Epsom DX 4, Epsom DX5, Epsom DX6, Epsom DX7*

PACKAGING CONFIGURATIONS

1L Bottle, 440ml Cartridges, 1000ml pouch, 1000ml NUBis bag-in-a-box

SHELF LIFE

18 months

SHIPPING AND STORAGE INFORMATION
