E12 MS21

OVERVIEW

Emerald E12-MS21 a premium, Environment Responsible Product (ERP) ink designed as a replacement for Mimaki® SS21™ ink

The Emerald E12-MS21 a greener solution for those who are committed to preserving the environment, as the volatile vapours emanating from this ink formulation are not classified as hazardous air polluting substances. This product also offers a safer operator environment with more favourable exposure limits.

Emerald E12-MS21 provides excellent media compatibility across a broad range of self-adhesive and flexible substrates.

Provided the inks are used in regular applications, using suitable substrates, the printed images will not fade unduly for up to two years.
